# About this Document

## Intended Readership

This document is intended for users of Thomson Reuters SDC Platinum.

## In this Document

This user guide introduces SDC Platinum, a software application with web connection that is the industry standard for information on new issues, M&A, syndicated loans, private equity, project finance, poison pills, and more.

## Feedback

For help with SDC Platinum, visit Thomson Reuters Customer Zone at <https://customers.reuters.com/Home>.

You must register to use this site. Customer Zone is the online entry point to Thomson Reuters support and service functions, which include the following:

- **Contact Us:** A list of contact numbers and an electronic form to request support. Customer Zone sends an on-screen confirmation number and responds to your service request within 15 minutes.  
<https://customers.reuters.com/crmcontactus/support.asp>
- **Alerts and Notifications:** Product change notifications and service alerts.
- **Community:** Archive of Thomson Reuters newsletters and customer events.

If your product is not in the Product drop-down when you go to Contact Us in Customer Zone, select Product not Found...Search More, type the product name, and then enter the remaining items.

# Chapter 1 Overview

SDC Platinum is a software application with web connection that is the industry standard for information on new issues, M&A, syndicated loans, private equity, project finance, poison pills, and more. Backed by Thomson Reuters international team of expert analysts, SDC Platinum satisfies your need for a global reach from a local perspective.

The world's foremost financial transactions database, SDC Platinum is your source for the most thorough and accurate account of the global financial marketplace. SDC Platinum provides users with a robust database for analyzing investment banking and deal trends, identifying comparable deals, monitoring deal activity, and generating industry-leading league tables and market-share analysis.

## SDC Platinum Databases

- Global New Issues
- Mergers & Acquisitions
- Corporate Governance
- Corporate Restructuring
- VentureXpert
- Securities Trading
- Global Public Finance

## Sample Sessions

You can best understand the range of SDC Platinum's offerings by working through some sample sessions. These sessions take you through a defined workflow to illustrate the process of specifying databases and dates, selecting and executing search criteria, creating custom reports, and running analyses. This user guide includes these sample sessions:

- New Issues
- M&A
- Municipal
- Analysis

## Get Started

### Log into SDC Platinum

1. Double-click the SDC Platinum icon.
2. Click **Login**.
3. Enter your registered user initials and click **OK**. The SDC Bulletin Board opens.
4. Click **OK**.
5. If prompted, enter a project description, and click **OK**.

## Select Database(s) and Dates

In the Database Selection window you choose which SDC Platinum database(s) you want to work with.

1. Click a tab to see a list of the databases in that group.
2. Select one or more databases.
3. Click **OK**.

**Database Selection**

- Specify a range of dates in the Date Range window.

- Click OK.

## Search Items

After you select a database and date range, SDC Platinum opens the Main Session window and the Search Items window. The Main Session window is where you build, store, execute, and modify your requests. You can use the icons or drop-down menus to perform tasks related to your session.

The Main Session window includes buttons for common features such as starting a new session (**New**), saving a session (**Save**), cutting, and pasting. There are also buttons for the main SDC Platinum functions:

- **Search** - build a custom search
- **Report** - open a standard report
- **League** - open a standard league table
- **Analysis** - open a standard analysis

To begin building your search, click **Search** to see categorized lists of the most frequently searched items. If you want to see a list of every available data item, you can use the **All Items** tab.

## Main Session Window Features

| Session Window Button                                                                       | Description              |
|---------------------------------------------------------------------------------------------|--------------------------|

| <br>View    | View results of the highlighted request               |
| <br>Execute | Execute your search, report, or league table requests |

## Chapter 2 New Issues Sample Session

For this sample session you enter search criteria and produce two reports. The first report is a standard list of software related IPOs in the U.S. Marketplace since 01/01/2008 where the percent change in stock price from offer date to present is 50% or greater. Using the results you produce a brief customized report and export it to Excel. You then produce a customized top 10 manager league table based on the number of issues book managed. You will also save the session for future use.

### Session Requirements

| Step | Description                                                                      |
|------|----------------------------------------------------------------------------------|
| 1    | Select Common Stock in the New Issues Database                                   |
| 2    | Specify the offer date range 1/1/2008 to today                                   |
| 3    | Select all IPOs                                                                  |
| 4    | Select software companies, using all SIC codes                                   |
| 5    | Select issues with 50% or greater change in offer price from issue date to today |
| 6    | Execute search criteria                                                          |
| 7    | Design a new custom report                                                       |
| 8    | Save report output to a spreadsheet                                              |
| 9    | Print report output                                                              |
| 10   | Create a Managing Underwriters League Table                                      |
| 11   | Save the session for future use                                                  |
| 12   | Load the saved session                                                           |

## Step 1: Select a New Issues Database

1. In the Database Selection window, select **Global New Issues Databases > Common Stock**.

**Database Selection**

VentureXpert | Securities Trading | Global Public Finance

**Global New Issues Databases** | Mergers & Acquisitions | Corporate Governance | Corporate Restructurings

☐ All Equity

Cancel  
Help

2. Click OK.

## Step 2: Specify the Offer Date Range

1. In **From** type 2008.
2. In **To** type Today.

**Dates: Issue Date**

Calendar Dates | Fiscal Dates

☐ Last 1 Day

☐ This Day

☐ Year-to-date

☐ All

☒ Custom

From: 2008 To: today

OK  
Cancel  
Help

3. Click OK.

**Note:** You can click to choose dates from a calendar or to choose a relative date, such as **Today** or **Last Month**.

### Step 3: Select IPOs

1. From the Search Items window **Deal** tab, double-click **IPO Flag**.
2. Accept the default, **Select All IPOs**.

3. Click **OK**.

---

**Note:** To see SDC's definition of an item such as IPO Flag, highlight it and click **Definition**.

---

### Step 4: Select Software Companies

In the Search Items window, you can select companies by criteria such as nation, industry, or SIC code.

1. From the **Issue/Borrower** tab, double click **Issue/Borrower All SIC**.
2. In the **Find** area, type **software**.

---

**Note:** You can type more than one word and specify **AND** (search for industries containing both words) or **OR** (those containing either word.)

---

3. Double-click **Prepackaged Software** and **Computer and peripheral equipment and software**.
4. Right-click and select **Display Selected Items**.

5. In the **Action** area, choose **Select** to include all issuers or borrowers with these SIC codes.

| Selected                            | Description                                     | Code |
|-------------------------------------|-------------------------------------------------|------|
| <input checked="" type="checkbox"/> | Prepackaged Software                            | 7372 |
| <input checked="" type="checkbox"/> | Computers and peripheral equipment and software | 5045 |
| <input checked="" type="checkbox"/> | Computer and computer software stores           | 5734 |

**Action**  
☒ Select    ☐ Exclude    OK    Cancel    Definition    Help

6. Click **OK**.

## Step 5: Select Issues with a 50% or Greater Change in Offer Price

In the Search Items window, you can search for issues using criteria such as historical performance.

- From the **Deal** tab, double-click **Percent Change Offer Price to Closing Price Yesterday**.
- Replace **LO** with **50**. Keep **HI** as the upper bound.

---

**Note:** For a range with no lower bound, such as "50% or lower", keep **LO** as the lower bound.

---

- Click **OK**.
- Click **Close**.

## Step 6: Execute Search Criteria

The Main Session window is where you build, store, execute, and modify your requests. You can use the icons, drop-down menus, or right-click menu to perform tasks related to your session (see "Main Session Window Features" on page 5).

SDC recommends that you execute search criteria, then enter and execute report criteria.

Click **Execute** or select **Session > Execute**.

| Status | Request | Hits | Request Description                                                                                                     |
|--------|---------|------|-------------------------------------------------------------------------------------------------------------------------|
|        | 0       |      | DATABASES: All Public & Private Common Stock, exc. UK & PD (C, CEC, CNC, EC, ICX, JPC, LAC, OC, R144C, UKC, ANCX, ASPC) |
|        | 1       |      | Dates: 2008 to today: 1/1/2008 to 2/17/2012 (Custom) (Calendar)                                                         |

|        | 3       |      | Issuer/Borrower All SIC : 5045, 7372                                                                                    |
|        | 4       |      | Percent Change Offer Price to Closing Price Yesterday: 50 to HI                                                         |

The **Hits** column shows the number of transactions that meet your criteria. To modify a request after executing, double-click the search request and make the necessary changes in the window.

## Step 7: Create a Custom Report

SDC Platinum offers a variety of brief and comprehensive standard reports. You can also create your own reports.

1. Select **Report > New Custom**.
2. Select items as shown below.

**Express Report Items**

Basics | Equity | Debt | Loans | All Items | My Favorites

|                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                   |

| [F]                                                                                                                                 | 11/15/11   | InvenSense Inc            | Dvlp motion sensing software   | GS/MORGAN-STANLEY(JB)                          | 75.000                    | 7.500       |
| [F]                                                                                                                                 | 02/01/12   | Greenway Medical Tech Inc | Pvd medical/health software    | J-P-MORGAN<br>/MORGAN-STANLEY(JB)              | 66.667                    | 10.000      |

You can click a column heading to sort by that column and click  to see the filing for an issue.

## Step 8: Save Report Output to a Spreadsheet

SDC displays your report output in the Document Window. From there you can save your report to a text or Microsoft Excel file. SDC adds the file name to the custom report request description in the Main Session window.

1. Click **Save**.
2. Give the file a name.
3. Select an Excel file type.

4. Click **Save**.

### Step 9: Print Report Output

You can print a report from the Document Window.

- 1. Click **Print**
- 2. Double-click a report to select it.

- 3. Click **OK**.

### Step 10: Create a Managing Underwriters League Table

You can create league tables using a wide range of criteria.

- 1. Select **League Table > New Custom > Express**.
- 2. In **Type of League Table**, choose **Managing Underwriters**.
- 3. In **Rank Basis**, choose **Number of Issues**.
- 4. In **Show Top**, choose **10**.
- 5. In **Allocation Method**, choose **Equal to Each Bookrunner**.

**Note:** Additional criteria are available in the **Advanced** and **Sectors** tabs.

6. Click **OK**.
7. Name the league table **Software**.
8. In **Ranking Options > Titles and Options** you can enter additional titles.

9. Click **OK**.

---

**Note:** You can use the **Save As** tab to export your League Table data to an Excel or text file. During execution, your League Table data is downloaded to the file. The advantage to exporting your League Table data before you execute is that the Excel or text file becomes part of your session. If you modify and re-execute your session, the data in the file automatically gets updated.

---

## Step 11: Save your session

You can save a session for future use.

1. In the Main Session window, click **Save**.
2. In **Session**, type **Software IPOs**.
3. In **Description**, type **Software IPOs**.
4. In **Comments**, type **U.S. Domestic Software IPOs where the Percent Change from Offer Price to Closing Price Yesterday was 50% or Greater. 01-01-01 - Present**.
5. Click **Save**.

## Step 12: Load a saved session

You can load any saved session, modify the criteria (for example, the offer date), and execute the new session. You can also load and use any saved session as is.

1. Select **Session > Open Existing > Custom**.
2. Choose the session you want to open.
3. Click **Open**.

## Chapter 3 M&A Sample Session

For this sample session you produce a brief report for all Worldwide M&A transactions involving cable, radio, and television broadcasting companies as targets since 1/1/2008. The transactions must be completed and \$500 million and greater. You then create a brief M&A report and export it to an Excel worksheet. Finally, you save the session.

### Session Requirements

| Step | Description                                     |
|------|-------------------------------------------------|
| 1    | Select US targets and non-US targets            |
| 2    | Specify the date range 1/1/2008-today           |
| 3    | Select the broadcasting industry                |
| 4    | Specify a deal value                            |
| 5    | Select disclosed value mergers and acquisitions |
| 6    | Select completed transactions                   |
| 7    | Execute search criteria                         |
| 8    | Design a brief M&A report                       |
| 9    | Save your session                               |

## Step 1: Select an M&A Database

1. From the Database Selection window **Mergers & Acquisitions** tab, select **US Targets** and **Non-US Targets**.

2. Click **OK**.

## Step 2: Specify an Announcement Date

1. In the Announcement Date window, **From** text box, type **1/1/2008**.
2. Press Tab on your keyboard.
3. In the Announcement Date window **To** text box, type **TODAY**.

4. Click **OK**.

**Note:** You can click  to choose dates from a calendar or  to choose a relative date, such as **Today** or **Last Month**.

### Step 3: Select the Broadcasting Industry

In this step, you select all broadcasting deals. You can select commonly used search items from the Search Items window; the **All Items** tab contains a list of all available data items.

1. From the Search Items window **Company** tab, double-click **Target All SIC**.
2. Click the **Find** down arrow and select **OR**, then in the **Find** field type **cable radio television tv** and press **enter**.
3. Double-click **Radio broadcasting stations**, **Television broadcasting stations**, and **Cable and other pay television services**.

| Selected | Description                                         | Code |
|----------|-----------------------------------------------------|------|
|          | Wood TV, radio, phonograph, and sewing cabinets     | 2517 |
|          | Radio & TV broadcasting & communications equipment  | 3663 |
| ✓        | Television broadcasting stations                    | 4833 |
| ✓        | Cable and other pay television services             | 4841 |
| ✓        | Radio, television, & publishers' advertising repts. | 7313 |
|          | Radio and television repair shops                   | 7622 |
|          | Electrical appliances, television and radio sets    | 5064 |
|          | Radio, television, and consumer electronics stores  | 5731 |

Action: ☒ Select ☐ Exclude

Buttons: OK, Cancel, Definition, Help

4. Click **OK**.

### Step 4: Select a Deal Value

1. From the Search Items window **Deal** tab, double-click **Deal Value (\$ Mil)**.
2. In the **LO** text box type **500**, in the **HI** text box accept the default, **HI**.

Deal Value (\$ Mil)

☐ Where Information is Available

☒ Range of Values

LO: 500 to HI

Buttons: OK, Cancel, Help, Definition

3. Click **OK**.

## Step 5: Select Disclosed Value Mergers and Acquisitions

1. From the Search Items windows **Deal** tab, double-click **Deal Type**.
2. Select **Disclosed Value Mergers & Acquisitions**.

**Deal Type**

M&A Transactions for Majority/Remaining Interest

☒ Disclosed Value Mergers & Acquisitions

☐ Undisclosed Value Mergers & Acquisitions

Specific Transaction Types

☐ Leveraged Buyouts ☐ Exchange Offers

☐ Tender Offers ☐ Repurchases

☐ Spinoffs ☐ Minority Stake Purchases

☐ Recapitalizations ☐ Acquisitions of Remaining Interest

☐ Self-Tenders ☐ Privatizations

Action

☒ Select these transactions ☐ Exclude these transactions

OK Cancel Help Definition

3. Click OK.

## Step 6: Select Completed Transactions

1. From the Search Items window **Deal** tab, double-click **Deal Status**.
2. Double-click **Completed** and **Unconditional**.

**Deal Status**

Find:  AND

| Selected                            | Description    | Code |
|-------------------------------------|----------------|------|
| <input checked="" type="checkbox"/> | Completed      | C    |
| <input checked="" type="checkbox"/> | Unconditional  | U    |
| <input type="checkbox"/>            | Pending        |      |
| <input type="checkbox"/>            | Status Unknown |      |
| <input type="checkbox"/>            | Tentative      |      |
| <input type="checkbox"/>            | Withdrawn      |      |

Action

☒ Select ☐ Exclude

OK Cancel Definition Help

3. Click OK.
4. Click Close.

## Step 7: Execute the Search

You entered all your search criteria and can now execute.

1. Click **Execute** or select **Session > Execute**. During the execution, the status window opens on top of the Main Session window.
2. When the Search Breakdown window appears, click **OK**.

| Category Description          | Category Hits |
|-------------------------------|---------------|
| International Mergers         | 30            |
| Merger/Corporate Transactions | 14            |
| <b>TOTAL</b>                  | <b>44</b>     |

The Main Session window **Hits** column shows the number of transactions that meet your criteria.

To modify a request after executing, double-click the search request and make the necessary changes in the window.

## Step 8: Designing a Brief M&A Report

1. Select **Report > New Custom**.
2. From the Express Report Items window check the data items as seen below:

The **Express Report Items** dialog box is shown with the **Basics** tab selected. The following items are checked:

- Date:** Announced, Effective
- Target:** Name
- Acquiror:** Name
- Deal Specifics:** % Owned After, % Sought
- Valuation:** Transaction Value
- Advisors:** Acquiror Advisors, Target Advisors
- Target Stock Price:** 1 Day Before Announcement, 1 Week Before Announcement, 4 Weeks Before Announcement
- Target Financials:** Book Value, Cash Flow (EBITDA), Common Equity, EBIT, EPS, Net Assets, PE, Pre-tax Income, Sales, Total Assets

Buttons on the right: OK, Cancel, Help.

3. Click **OK**.

| Design Custom Report Format   |         |                 |
|-------------------------------|---------|-----------------|
| Report Description            | Code    | Page Width      |
| PAGE 001                      |         | PAGE WIDTH: 161 |
| Date: Announced               | DA      | 009             |
| Date: Effective               | DE      | 009             |
| Target: Name                  | TN      | 030             |
| Acquiror: Name                | AN      | 030             |
| Deal Specifics: % Owned After | PCTOWN  | 006             |
| Deal Specifics: % Sought      | PSOUGHT | 006             |
| Valuation: Transaction Value  | VAL     | 011             |
| Advisors: Target Advisors     | TA      | 030             |
| Advisors: Acquiror Advisors   | AA      | 030             |

4. In the Design Custom Report Format window, the first row, **Date Announced** as shown here, will be the first column of your report with a width of 9 characters. **Date Effective** will be the second column and so on. Click **OK** to accept the placement of columns on the report.

**Confirm**

The width of this page is greater than 160 and will not print properly. Adding pagebreaks will decrease the width. Do you wish to return to design mode?

Yes No

5. Since the report is too wide to print, click **Yes** to return to design mode.
6. Select **Transaction Value** and click **Page**. Now your report will consist of two pages, the first with 7 columns of data, the second with 2 columns of data.
7. Click **OK** to accept the position of all data items on the report page.

8. In the Save Custom Report window, choose a directory in which to save your custom report. In the **Custom Report** text box type **Brief M&A Report**, and click **Save**.
9. In the Report Output Options window **Titles and Options** tab type the following title lines:
  - Worldwide M&A Activity
  - Cable, Radio and Television Broadcasting
  - Completed Deals \$500 Million and Greater
  - 1/1/2008 to Today

The screenshot shows the 'Report Options' dialog box with the 'Titles and Options' tab selected. The 'Titles' text area contains four lines of text: 'Worldwide M&A Activity', 'Cable, Radio and Television Broadcasting', 'Completed Deals \$500 Million and Greater', and '1/1/2008 to Today'. The 'Report Options' section has 'Add Summary Statistics' and 'Session Details on Same Page' unchecked, and 'Transactions per Group' set to 5. The 'Format' section has 'Columnar Grid' selected. The 'Enter a Footnote' text area is empty. At the bottom are 'OK', 'Cancel', and 'Help' buttons.

---

**Note:** SDC suggests you add titles to your reports and make them as descriptive as possible.

---

10. In the Format Box, select **Columnar Grid**.
11. Click the **Save As** tab to save the report output to Excel.
12. Click **OK** to close the Report Options window. The report request is added to the **Request Description** list box in the Main Session window.

13. From the Session menu, click **Execute**. SDC Platinum generates and displays your report output. It is also saved as an Excel file in the folder you previously specified.

| Worldwide M&A Activity<br>Cable, Radio and Television Broadcasting<br>Completed Deals \$500 Million and Greater<br>1/1/2008 to Today |                |                |                              |                              |                           |          |                              |                                                                                                                                                                                  |                                                                                                 |

14. In the Report Output for Request 6 window, double-click the arrow next to the column heading **Date Announced** to change the sorting from ascending to descending. You can sort by any another data item by double-clicking the column heading.
15. Select **Document > Close** to return to the Main Session window.

## Chapter 4    Municipal Sample Session

For this sample session you select California tax-exempt municipal transactions greater than \$100 million issued from March 1, 2010, to March 1, 2011. You then select a Managing Underwriters League Table and create a Sale Date Report.

### Session Requirements

| Step | Description                                               |
|------|-----------------------------------------------------------|
| 1    | Select US New Issues                                      |
| 2    | Specify the date range 3/1/2010 to 3/1/2011               |
| 3    | Select California Issuers                                 |
| 4    | Specify par amount equal to or greater than \$100 million |
| 5    | Select tax-exempt issues                                  |
| 6    | Execute search criteria                                   |
| 7    | Select a Managing Underwriters League Table               |
| 8    | Design a Sale Date Report                                 |

## Step 1: Select a Municipal Database

1. From the Database Selection **Global Public Finance** tab, select **U.S. New Issues**.

**Database Selection**

Global New Issues Databases | Mergers & Acquisitions | Corporate Governance | Corporate Restructurings

VentureXpert | Securities Trading | **Global Public Finance**

☒ U.S. New Issues  
☐ Non - U.S. New Issues

☐ Project Finance

☐ MuniProfiles  
☐ Refunding Candidates

Help

3. Click OK.

**Note:** You can click  to choose dates from a calendar or  to choose a relative date, such as **Today** or **Last Month**.

### Step 3: Select the State of the Issuer

1. From the Search Items window **Issuer** tab, double-click **State of issuer**.
2. Double-click **West**.
3. Double-click **California**.

**Note:** To locate a state quickly, in the **Find** text box type the first few letters of the state and press Enter on your keyboard. Double-click the state you want.

4. Click **OK**.

### Step 4: Specify a Par Amount Range

1. From the Search Items window **Issue** tab, double-click **Par Amount**.

- In the **LO** text box, type **100** and in the **HI** text box accept the default, **HI**.

**Par Amount (US\$ mil)**

☐ Where Information is Available  
☒ Range of Values

100 to HI

OK Cancel Help Definition

**Note:** If the desired range is a value or higher, type a value in the **LO** text box and leave **HI**. If the desired range is a value or lower, type a value in the **HI** text box and leave **LO**.

- Click **OK**.

## Step 5: Select Tax-Exempt Issues

- From the Search Items window **Issue** tab, double-click **Tax status**.
- Double-click **Tax exempt**.

**Tax Status**

Find:  AND

| Selected | Description             | Code |
|----------|-------------------------|------|
|          | Alternative minimum tax | A    |
| ✓        | Tax exempt              | E    |
|          | Taxable                 | T    |

Action: ☒ Select ☐ Exclude

OK Cancel Definition Help

- Click **OK**.
- Click **Close**.

## Step 6: Execute the Search

You entered all your search criteria and can now execute.

1. Click **Execute** or select **Session > Execute**. During the execution, the status window appears on top of the Main Session window.
2. When the Search Breakdown window opens, click **OK**.

| Status | Request | Hits | Request Description                                 |
|--------|---------|------|-----------------------------------------------------|
| ✓      | 0       |      | DATABASE: US Municipal New Issues (TE)              |
| ✓      | 1       |      | Sale Date: 3/1/2010 to 3/1/2011 (Custom) (Calendar) |
| ✓      | 2       | 944  | State of Issuer: CA                                 |
| ✓      | 3       | 142  | Par Amount (US\$ mil): 100 to HI                    |
| ✓      | 4       | 87   | Tax Status: E                                       |

The Main Session window **Hits** column shows the number of transactions that meet your criteria.

To modify a request after executing, double-click the search request and make the necessary changes in the window.

## Step 7: Select a League Table

1. Click **League** or select **League Table > Open Existing > SDC Standard**.
2. Double-click **Managing Underwriters**.
3. In the Report Output Options window **Titles and Options** tab, type the following title lines:
  - California
  - Tax Exempt Municipal Transactions
  - \$100 million and greater
  - March 1, 2010 - March 1, 2011

**Ranking Options**

OK Cancel Help

---

**Note:** SDC suggests you always add titles to your reports and make the titles as descriptive as possible.

---

4. Click **OK**.
5. Click **Execute**. SDC Platinum generates and displays your League Table output.
6. Click **Close**.

## Step 8: Create a Custom Report

SDC offers standard brief and comprehensive reports. It also lets you create custom reports. In this step you create a custom report that includes the sale date, issuer name, description of the issue, par amount, and lead manager.

1. Select **Report > New Custom**.
2. From the Express Report Items window **Issue** tab, select:
  - Issue description
  - Par amount
  - Sale date

**Express Report Items**

Issue | Firm/Issuer | Maturity Level | All Items | My Favorites

**Basic**

|                                                       |                                                   |

Cancel  
Help

3. From the Express Report Items window **Firm/Issuer** tab, select:
  - Issuer name
  - Lead manager
4. Click **OK**.
5. In the Design Custom Report Format window you can highlight a data item and click the arrows to change the order. You can also click **Page** to insert page breaks in the report.
6. Click **OK**.
7. In the Save Custom Report window **Custom Report Name** text box, type **cataxex** and click **Save**.

8. In the Report Output Options window **Titles and Options** tab, type:

- **California**
- **Tax Exempt Municipal Transactions**
- **\$100 million and greater**
- **March 1, 2010 - March 1, 2011**

---

**Note:** You can use the **Save As** tab to export your League Table data to an Excel or text file. During execution, your League Table data is downloaded to the file. The advantage to exporting your League Table data before you execute is that the Excel or text file becomes part of your session. If you modify and re-execute your session, the data in the file automatically gets updated.

---

9. Click **OK**.

10. Click **Execute**. SDC Platinum generates and displays your report output.

11. From the Document menu, click **Close**.

12. From the Main Session window Session menu, click **Exit**.

13. Click **Yes** to save the session.

14. In the Save Session window **Session** text box, type **taxex-ca**.

15. Click **Save**.

## Chapter 5 Analysis Sample Session

In this sample session, you find US targets in the M&A database and run an analysis by rank date. You then drill down into the results and save the output.

### Session Requirements

| Step | Description                       |
|------|-----------------------------------|
| 1    | Select US targets and year 2011   |
| 2    | Select rank date                  |
| 3    | Execute the analysis              |
| 4    | Drill down into January 2011 data |
| 5    | Save your session                 |
| 6    | Exit SDC Platinum                 |

### Step 1: Select an M&A Database and Date Range

1. From the Main Session window, click **New**.
2. From the Database Selection window **Mergers & Acquisitions** tab, select **U.S. Targets** and click **OK**.
3. In the Announcement Date window **From** and **To** text boxes, type **2011**.
4. Click **OK**.

**Note:** You can click  to choose dates from a calendar or  to choose a relative date, such as **Today** or **Last Month**.

### Step 2: Analyze by Rank Date

1. In the Main Session Window, select **Analysis > New Custom** or click **Analyze**.

- In the Standard Analysis window **Volume Totals** tab, double-click **Rank Date**.

- In the Analysis Options window **Title and Options** tab, type the following lines:
  - US M&A Transactions
  - Analysis by Rank Date
  - 2011
- Click **OK**.

### Step 3: Execute the Search

- Click **Execute** or select **Session > Execute**.

The Main Session window **Hits** column shows the number of transactions that meet your criteria.

When the analysis is complete, the results display in the Report Output window.

### Step 4: Drill Down

- In the Report Output window, highlight the data for **January 2011**.
- Click **Drill Down**.

- When prompted to confirm, click **OK**.

The screenshot shows the SDC Platinum software interface. The main window displays a report titled "Report Output for Request 2 Rank 1: Rank Date". The report is titled "US MA Transactions Analysis by Rank Date 2011". The report is organized into a table with the following columns: Rank Date, Ranking Value inc. Net Debt of Target (\$ Mil), Mkt. Share, and Number of Deals. The data is presented for each month from January 2011 to April 2012, followed by an "Industry Total" row and a "Tie" row. A confirmation dialog box is overlaid on the report, asking "You are about to generate Drill Down report(s). Proceed?" with "OK" and "Cancel" buttons.

| Rank Date      | Ranking Value inc. Net Debt of Target (\$ Mil) | Mkt. Share | Number of Deals |
|----------------|------------------------------------------------|------------|-----------------|
| January 2011   | 110,552.5                                      | 9.2        | 771             |
| February 2011  | 94,009.9                                       | 7.8        | 710             |
| March 2011     | 122,618.2                                      | 10.2       | 746             |
| April 2011     | 112,103.3                                      | 9.4        | 711             |
| May 2011       | 66,804.7                                       | 5.6        | 722             |
| June 2011      | 106,542.7                                      | 8.9        | 812             |
| July 2011      | 112,901.8                                      | 9.4        | 737             |
| August 2011    | 66,067.1                                       | 5.5        | 756             |
| September 2011 | 48,231.0                                       | 4.0        | 728             |
| October 2011   | 95,104.2                                       | 7.9        | 693             |
| November 2011  | 55,231.5                                       | 4.6        | 699             |
| December 2011  | 62,053.3                                       | 5.2        | 709             |
| January 2012   | 48,635.4                                       | 4.1        | 633             |
| February 2012  |                                                |            |                 |
| March 2012     |                                                |            |                 |
| April 2012     |                                                |            |                 |
| Industry Total |                                                |            |                 |
| Tie            |                                                |            |                 |

## Step 5: Save Your Session

- From the Main Session window, click **Save**.
- In the Save Session window Save Session text box, type **marankval**.
- If necessary, select the drive and directory or the group.
- Click **OK** to save the session and return to the Main Session window.

## Step 6: Exit SDC Platinum

- From the Main Session window select **Session > Exit**.
- Click **No** because you already saved the session.

## Chapter 6 Helpful Utilities

SDC Platinum includes several utilities to help in creating and reusing searches and reports.

### SDC Standard Sessions

There are a number of standard sessions available to SDC Platinum users. These sessions are regularly reviewed by a roundtable of clients and revised as necessary to reflect current practices.

1. Select **Session > Open Existing > SDC Standard**.
2. Navigate through the folders to the session you want to open.

### Regional New Issues Marketplaces

There are several regional New Issues Marketplaces available as alternatives to the Global New Issues database.

1. In the Main Session window, select **Utilities > Options**.
2. In the **Reports** tab, clear the **Global New Issues Databases** check box.

3. Click **OK**.

4. Start a new session.
5. On the **Global New Issues** tab, select one or more **New Issues Marketplaces**.
6. Click **OK**.
7. In the Category Selection window, select one or more categories.

8. Click **OK**.
9. Specify dates and search for items as in any other SDC Platinum database.

## Logical Set Operations

You can use Boolean logic to do the following:

- Union - combine the results of two or more requests (OR)
  - Intersection - find the common transactions in two or more requests (AND)
  - Difference - subtract the transactions in one or more search requests from another (MINUS)
1. From the **Utilities** menu, select **Logical Set Operations**.

2. Drag the requests from the Main Session window Request Description list box to the Request # list box of the Logical Set Operations window. The request numbers appear in the Request # list box.
3. Select:
  - **Union**
  - **Intersection**

- **Difference** (remember to enter the sequence numbers in the correct order)
4. Click **OK**. The Boolean request is added to the Request Description list box of the Main Session window.
  5. **Execute** the requests.

## Import Items from a List

You can import items from a pre-existing list rather than input them individually.

1. From the **Issuer/Borrower** tab, double-click **Issuer/Borrower 6-digit CUSIP**.
2. Click **Codes**.

3. Copy and paste a list of CUSIPs from a text or other file.

4. Click **Load**.
5. Click **OK**.

## Create a List of Distinct Values

After you have executed a search, you can create a list of distinct values from the results. You can name the list so you can recall it at a future time.

1. Select **List Management > Distinct**.
2. Click the down arrow to display a list of values.

3. Select a value.

4. Click OK.
5. Select the drive and directory where you want to save the list or click the **Group** down arrow, and select the group.
6. In the **List Name** text box, type the name of the list.
7. Type a description and comments if you want.
8. Click OK.

The **Executing Lookups** window opens, showing the phase and number of transactions. When the execution is complete, SDC Platinum returns to the Main Session window

---

**Note:** If you see a message that the matches exceed the maximum number and will be saved on the host, click **OK**. You will not be able to load and edit very long lists of values.

---

## Top N Deals

SDC Platinum lets you identify the top deals in your search results, such as the top 10 M&A deals by value or the top 25 common stock issues by manager fees.

1. Select **Utilities > Top N Deals**.

You may specify an item code by directly typing in the editbox or clicking on the listbox

Item Code:  Top  Deals

| Item Description                                            | Item Code                  |
|-------------------------------------------------------------|----------------------------|
| % Chg Yesterday's Pr to Offer                               | PCTCUR                     |
| Amount Total on Prospectus All Markets (\$ mil)             | TOTPROSAMTUSD              |
| Amount Total on Prospectus All Markets (host mil)           | TOTPROSAMT                 |
| Gross Spread as % of Principal                              | GPCT                       |
| Loan Package Amount (US\$ mil)                              | DEAL_AMOUNT                |
| Number of Shares Offered                                    | SH                         |
| Offer Price                                                 | P                          |
| Principal Amount of Issue                                   | AMT                        |
| Proceeds Amount + Overallotment Sold All Markets (US\$ Mil) | RANK1_OVERALLOT_TOTDOLAMTF |
| Proceeds Amount + Overallotment Sold This Market (US\$ Mil) | PROOVSLD                   |
| Proceeds Amount All Markets (US\$ Mil)                      | R_TOTDOLAMTPRN             |

Select

☒ Deals with Top N Values (include ties) ☐ Top N Deals (ignore ties)

OK Cancel Help Definition

2. Select an item description or, in the **Item Code** text box, type a code.
3. In the **Top N Deals** box, select the number of deals you want to display.
4. Choose to include or ignore ties.
5. Click **OK**. The request is added to the Request Description list box on the Main Session window.
6. **Execute** the requests.

## Statistics

You can use the statistics feature to calculate aggregate data, such as the sum, minimum, average, maximum, and median, on your search results.

1. Select **Utilities > Statistics**.

2. Click on an item code or in the **Item Code** text box, type the code.
3. Select **Detailed** or **Overall**.

---

**Note:** Detailed gives a breakdown by specific database. If you are querying on only one database there will be no difference between Detailed and Overall.

---

4. Click **OK**. The request is added to the Request Description list box on the Main Session window.
5. **Execute** the requests.

## Quick Display

The SDC Platinum Quick Display feature allows you to display a list of transactions for the current search result. You can select transactions to keep or exclude from your search result. You can also request a detailed report on selected deals.

1. Select **Utilities > Quick Display**.
2. Choose either **Standard Display** (the most common data items requested) or **Custom Display** (specify your own data items )

---

**Note:** The Executing Lookups window shows you the phase and number of matches. When the search is complete, the Quick Display window lists transactions for your request.

---

**Note:** The transactions are sorted by date. You can click on a column heading to sort the transactions by that heading. Click once to sort in ascending order; click again to sort in descending order.

- Double-click the transactions to keep or exclude.

**Note:** If you want to see a tearsheet on a selected transaction, click **Tearsheet Report**.

- Click **OK**.
- Select **Keep** or **Exclude** for selected transactions. The request is added to the Request Description list box on the Main Session window.
- Execute** the requests.

## Save a Session

Saving a Session will save all the requests listed in the Request Description list box of the Main Session window. The requests can include search, report, and/or League Table criteria. After you save a session, you can load it whenever you want. You can then modify any of the criteria listed in the Request Description list box.

**To save a new session:**

- Click **Save** or select **Session > Save As**.
- Select the drive and directory where you want to save the session or select the Group.
- In the Session Name text box, type the name of the session.
- Type a description and comments if you want.
- Click **OK**. SDC Platinum saves the session.

## Save a Search Result

Saving a Search Result saves the results of the last executed search request. If the last request is a report or League Table request, SDC Platinum will find and save the last executed search request.

1. Make sure you have executed your session.
2. Select **Utilities > Save Current Search Result**.
3. Select the drive and directory where you want to save the search result or select the group.
4. In the Search Result Name text box, type the name of the search result.
5. Type a description and comments if you want.
6. Click **OK**.
7. SDC Platinum saves the search result and returns to the Main Session window.
8. **Execute** the saved search result.

## Save a Custom Report Format or League Table Criteria

1. Create your custom report format or custom League Table criteria and click **OK**.
2. Select the drive and directory where you want to save the custom report format or League Table criteria or select the group.
3. In the Custom Report or Rank Name text box, type the name of the custom report format or League Table criteria.
4. Type a description and comments if you want.
5. Click **OK**. SDC Platinum saves the custom report format or League Table criteria. You can format your report or League Table, for example add titles, search details, and summary statistics, or sort data.

## Saving and Loading a List of Selections

You can save groups of frequently used items such as CUSIP numbers, SIC codes, ticker symbols, and security codes for use in later searches. You can load and use the saved lists to search any SDC database.

To create a list of selections, you must be in the specific window. For example, to create a list of Target SIC codes, you must be in the Target SIC Codes window.

1. From the Search Items window select the items to include in your list.

## 2. Select **List Management > Save Selections As List**.

3. Select the drive and directory where you want to save the session or select the group.
4. In the List Name text box, type the name of the list.
5. Type a description and comments if you want.
6. Click **OK**. SDC Platinum saves the list.
7. To load a saved list, select **List Management > Load Saved List**.

## Create Your List of Favorite Data Items

You can use the Search Items window **List** tab to create a list of data items you use regularly. The data items open in the Search Items window **My Favorites** tab. In addition, your SDC Platinum administrator can create a list of data items your company uses regularly.

1. Click **Search** and select the **All Items** tab or select **Request > Search > Items** and select the **All Items** tab.
2. In the **Find** text box, type at least three characters of a data item or code and press **Enter**.

---

**Note:** The characters can be anywhere in an item description or code. For example, if you type **value**, SDC Platinum displays all data items with the word value in the description, such as Market Values and Value of Common Shares.

---

3. You can type more than one word in the Find text box (e.g., total fee) and select **AND** or **OR**. **AND** finds data items with all the words in them (e.g., all data items with "total fee"). **OR** finds data items with any one of the words in them (e.g., all data items with "total" or with "fee").
4. Scroll through the displayed list and select a data item.

5. Click **Add to My Favorites**. The item is added to the Search Items window **My Favorites** tab.

6. Click **Close**.

## Managing SDC Platinum Files

You can delete, move, or copy your saved SDC Platinum files from SDCTools File Explorer, or Windows Explorer. The following table lists the SDC Files and their extensions:

| Extension | File type      |
|-----------|----------------|
| ssh       | Sessions       |
| lst       | Lists          |
| rpt       | Report formats |
| rnk       | Rank formats   |
| qrs       | Search results |

## Chapter 7 Online Help

### What's in online help?

You can use SDC Platinum online help to find information such as

- Complete descriptions of SDC databases
- Step-by-step instructions on how to perform specific tasks
- Answers to frequently asked "How can I ..." questions

From within many Help topics you can jump to related topics.

### Context-sensitive help

You can access online help that is specific to whatever you are working on in SDC Platinum. For example, open the database selection window and select a tab. Highlight a marketplace or product and press **F1**. Help for that marketplace or product opens.

**Copying online help topics**

To share or save for reference, you can copy some or all of any help topic and then paste the text into another document such as Microsoft Word or Windows Notepad.

1. Open a Help window
2. Select **Edit > Copy** to copy the entire topic or highlight a portion of a topic and copy it

**Printing online help topics**

From the Help window File menu, select **Print**.

---

**Note:** You cannot print information from a pop-up window.
